

SPAIN AT LAST SUBMITS TO FATE

AGREES TO PAY THE CUBAN DEBT AS STIPULATED.

Dynamite Cruiser to Be Stationed in Havana Harbor—Spanish Commanders Fear an Uprising of the Soldiers—The Philippine Question the Next in Order.

Washington, Oct. 27.—[Special]—Admiral Sampson has asked that the dynamite cruiser, Vesuvius, be sent to Havana as soon as possible to discourage anarchy among the Spanish troops, who are displaying an ugly temper since Blanco notified them they would get no pay until they were repatriated in Spain. Once anchored off the wreck of the Maine with guns trained on the barracks it is thought that the Vesuvius will prevent disorder. The evacuation commission is alarmed over the prospect of trouble. The insurgents cause no apprehension whatever. They are hungry, but spiritless. The Spaniards, on the contrary, are well armed, and unless deterred by a powerful force, it is feared they will not hesitate to rebel. Diplomats here express amazement that the United States is so considerate of Spain's feelings as to keep warships away from Havana at this crisis.

Paris, Oct. 27.—[Special]—The firm stand of the American peace commissioners in refusing to assume any part of the Cuban debt has brought the Spaniards to terms, and this part of the treaty of peace is settled. Spain agreeing to pay the entire amount or to compromise with its creditors. The last, and what promises to be the most troublesome part of the deliberations—the Philippine question—will now be taken up. Spain is strenuous in the claim that she should be allowed to retain all the islands, save perhaps the city of Manila, where American authority has been fully established. The American commissioners, however, do not propose to be content with this, and from present indications will claim the entire island of Luzon at the very least. It is not believed that there will be any back-down on the part of the United States. Spain is expected to bully and bluster a little, but the outcome will inevitably be the triumph of the Americans. A conclusion of the entire matter, save the ratification of the treaty by the legislative branches of the two governments, is expected by the 15th of November.

REALTY 100 B.B.

Spanish Peace Commission Complains of America's Firmness.

Madrid, Oct. 27.—[Special]—The minister of foreign affairs has received a letter from the president of the Spanish peace commission saying matters are assuming a worse aspect daily. The American commissioners, he says, absolutely decline to meet Spain's views. The Spanish members of the peace commission have accepted the American ultimatum in which the United States refuses to assume any part of the Cuban debt.

MADE SURE OF DEATH

Deliberate Suicide by Drowning of a Traveling Salesman at Madison.

Madison, Oct. 27.—[Special]—Henry Schutman, a resident of St. Louis, committed suicide here this morning by drowning in Lake Monona. He had been here about a week visiting Jacob Cook. Schutman and Cook were classmates in Germany, and had not met for forty-two years. He first tied one end of a long rope around his body and the other to a tree and then walked beyond his depth. He was a traveling man about 54 years old, and leaves a wife and three children.

OUTLOOK IN STATE IS ENCOURAGING

SECRETARY STICKNEY SAYS PROSPECT IS GOOD.

Republicans Will Elect the Entire State Ticket and Nine out of the Ten Congressmen—There is No Dissatisfaction in the Ranks of the Party.

Milwaukee, Wis., Oct. 29.—Gardner P. Stickney, secretary of the republican state central committee is confident that not only will the entire state ticket be elected, but that also at least nine of the ten congressmen from this state will be republicans. He said today:

"From the advices that we have received there is not a doubt at least about the success of the Scofield ticket. I am not making any figures as to the plurality, but it will be large enough to emphasize the fact that Wisconsin is solid in its support of sound money and the administration of President McKinley."

"We are sure of electing nine democratic congressmen. The only republican district is the Second and we have more than an equal chance for victory in that district."

"The statements which the democrats are sending broadcast that there is a great dissatisfaction in the ranks of the republicans are absolutely without foundation. The party is united and the republicans are going to support their state and congressional tickets to a man."

COLLEGE HALL BURNS

Lawrence University Sustains Severe Loss By the Burning Of Science Hall.

Appleton, Oct. 27.—[Special]—Stephenson hall of science, the pride of Lawrence University, was burned to the ground this morning. It is a heavy loss. The walls are still standing, but the loss will probably be in the neighborhood of \$15,000. The insurance held by the college is \$6,000 on the new hall.

Dover, Oct. 27.—[Special]—Gen. Kitchener arrived here this afternoon. He was met by great crowds, who cheered him with great enthusiasm.

FORECAST OF WEATHER

Chicago, Oct. 27.—[Special]—Forecast for Wisconsin:

Partly cloudy tonight and Friday with possible showers. Warmer tonight.

PERIODICALS.

A Class Which Should Not Be Overlooked.

The periodical drinker is a diseased man, a dipsomaniac. He can be cured, but the treatment must be specially adapted to his case. Several have already been cured at The Hargreaves Institute, room 1, Jackson block, and several of this class are now under treatment. Habitual drinkers are also treated, and both classes are permanently cured.

Why Men Should Marry.

It was clearly meant that all men, as well as all women, should marry; and those who, for whatever reason, miss this obvious destiny are, from nature's point of view, failures. The unmarried man is a skulker, who, in order to secure his own ease, dooms some woman, who has a rightful claim upon him, to celibacy. And in doing so he defrauds himself of the opportunities for mental and moral development which only the normal experience can provide. He deliberately stunts the stature of his manhood, impoverishes his heart and brain, and chokes up all the sweetest potentialities of his soul. To himself he is apt to appear like the wise fox that detects the trap, though it be ever so cunningly baited; that refuses to surrender his liberty for the sake of an appetizing chicken or rabbit which may after all be a decoy stuffed with sawdust; while, as a matter of fact, his case is that of the cowardly servant in the parable, who, for fear of losing his talent, hid it in a napkin, and in the end was deemed unworthy of his stewardship.

CRUISERS CAN BE SAVED.

Colon and Mercedes May Be Raised and Added to the Navy.

Washington, Oct. 27.—[Special]—It is stated that the navy department has decided that the Spanish cruisers Colon and Reina Mercedes can be saved. They will be important additions to the American navy.

RECRUITS FOR DEWEY.

The Cruiser Buffalo Will Carry Them Through the Suez Canal.

Washington, Oct. 27.—[Special]—The Cruiser Buffalo, now taking on supplies at New York, will start for Manila before the end of the week with recruits for Dewey's fleet. She will proceed via the Suez canal.

CHRISTIAN WOMEN IN CONVENTION

BELOIT IS ENTERTAINING THE DISTRICT W. C. T. U.

The Attendance Is Large, and Janesville Women Are Taking a Conspicuous Part—Exercises Prove Interesting—Dinner Served to the Delegates.

Beloit, Wis., Oct. 27.—[Special]—The annual convention of the First Congressional District Women's Christian Temperance Union opened yesterday morning with a consecration service led by Mrs. Thomas of Milton. The district president, Mrs. Eliza Cotting, of Bristol, was prevented from being present, and Mrs. W. A. Larson, of Baraboo, state recording secretary, was called to take Mrs. Cotting's place. The Elkhorn Union sent 1,000 bouquets to soldiers, and is still at the work; the Darlington union has held fifteen prize speaking contests. Mrs. Carrie Dresser, of Clinton, conducted a bible reading, and a noontide prayer service was led by Mrs. E. E. Yates, of Janesville, who is a delegate to the national convention. Dinner was served in the church chapel. After noon recess Mrs. Yates led a devotional meeting. Reports of president, secretary, treasurer and other officers were read. Up to last night the following visitors had registered: Miss Alice Madon, Walworth; Mrs. Sarah O'Bower, Kershaw; Mrs. M. S. Heritage, Milton; Mrs. Rachel Tourtelette and Mrs. Hattie Fox, Pleasant Prairie; Mrs. F. O. Wells, Mrs. P. E. Miller, Milton; Mrs. Mary M. Palmer, Janesville; Mrs. E. E. Jordan, Thomas; Mrs. E. E. Yates, Janesville; Mrs. L. S. Kearney, Janesville; Mrs. L. S. Smith, Darlington; Mary Polkingharn, Darlington; Cora Dickerson, Johnston Center; Mrs. Flora Rice, Harmony; Mrs. Mattie Wilcox, Harmony; Mrs. H. R. Osborne, North Johnstown; Mrs. Mary E. Williams, Elkhorn; Mrs. Lawson, Baraboo; Mrs. Carrie Dresser, Clinton; Miss Stella Syler, Clinton.

The convention will continue through this evening.

PARADE WAS A SUCCESS

Philadelphia's Peace Parade Was the Largest in Her Whole History.

Philadelphia, Oct. 27.—[Special]—Philadelphia's great jubilee parade occurred today. It was probably the largest military pageant in the history of the United States. Twenty-nine complete regiments and numerous battalions from other regiments, detachments of marines, naval reserves, and seamen and home guards participating. Gen. Miles, Graham and Young, Commodore Philip, Capt. Sigbee, Foiger, Evans and Jewell and Lieut. Commander Whitwright were among the notable army and navy officers in the parade.

INDIANS KILL A MAN

A Posse Is in Pursuit of the Murderers in Oregon and Trouble Is Feared.

Parker City, Oregon, Oct. 27.—[Special]—News reaches here from Canon City that Indians shot and seriously injured a white man. A posse is in pursuit of the reds, and much fighting is anticipated.

RYAN WILL TALK POLITICS

Noted Democratic Speaker Has Arrived in the City.

Hon. T. E. Ryan, of Waukesha, is the guest of Rev. E. M. McGinnity, and this evening at the Sisters' Fair he will discuss politics from a democratic standpoint. St. Patrick's church choir, under the leadership of D. D. Bennett, will sing. Prof. W. T. Thiele plays the cornet in the choir, and is a cultivated musician. George L. Hatch, the popular harpist and baritone singer, will sing and play.

The Most Important.

Lady (traveling in Italy)—The brigands have stolen my husband and my pug dog.

Official—We shall have to act very delicately in the matter, madam, or the brigands may pay the captives to death.

Lady Traveler (excitedly)—Tell them the ransom shall be paid. Fido shall not die.—Comic Cuts.

MAY DISBAND THE FOOTBALL TEAM

CRITICAL CONDITION OF UNIVERSITY ORGANIZATION.

Many of the Candidates For Positions Have Withdrawn From Training—Some Are Sick and Some Show Lack of Interest—A Bad Mess.

Madison, Wis., Oct. 27.—The football team is at present in a critical condition, and it is by no means unlikely that it will be disbanded. About one-third of the prominent candidates have withdrawn from training, and many nights there are not enough men out for practice to form two elevens. Among the old men who have quit the team for one reason or another are Hustling, Brandy, Stangel, Williamson, Maurman, and Knudtson. Curtis is laid up with a bad ankle, and probably will be unable to play on Saturday. Holmes has been called away and may not return again this fall. O'Dea and several of the other men are in a badly crippled condition, and there is strong talk of cancelling all games and disbanding the team. A mass meeting of the students will be held tomorrow night, addressed by prominent members on the faculty and town people, in an effort to arouse interest in the team. Every effort is being exerted to get men out, but it seems to be of little avail. A private letter has been received here to the effect that Minnesota is making great preparations for Saturday's game, and evidently has a surprise in store. Quarterback Cole, captain of the team, it is said, will be able to play. Considerable anxiety is felt here over the outcome.

England and France Arrive At An Understanding On the Fashoda Affair.

Paris, Oct. 27.—[Special]—A London dispatch says: Lord Salisbury and the French ambassador to England have reached a definite understanding in regard to Fashoda.

Paris, Oct. 27.—[Special]—General Kitchener will arrive in London this afternoon. He says there is no need of going to war over the Fashoda incident.

London, Oct. 27.—[Special]—Capital is forsaking Paris for London. Financiers evidently believe the outlook in the French capital is dark, and fear lawlessness and anarchy.

STORM KING'S QUEER PRANK

Nearly Tumbled Gatemender Clark and His Tower House Down

Among the queer pranks played by the raging storm of Tuesday was the partial destruction of the tower house at the Jackson street railroad crossing. This house is in charge of John Clark, and when the storm was at its height Mr. Clark was obliged to leave the house for fear it would be blown down to the ground below, a distance of some fifteen feet. No sooner had he descended than the house began to sway to one side, and then remained in a slanting position. It has since been braced into position.

MANY FAMILIES IN NEED OF FOOD AND CLOTHING.

Little Assistance Has Reached the Burned Out Residents Of the Northern Section of the State—Many Towns Have Turned a Deaf Ear to the Cries of Distress.

Milwaukee, Wis., Oct. 27.—State Fire Warden Wynman says there are ninety families in and about Turtle Lake who lost everything they had in the forest fires, and there are 102 families besides in that township who sustained partial losses. He says they are living in cellars, log stables, barns, and all sorts of outhouses which escaped the flames, and they need more than anything else lumber with which to build new cabins, and provisions for the winter.

"The great trouble in that section," he says, "is that there is no work at wages for the fire sufferers. Their neighbors are all poor people, and there is nothing at this time of the year that they can do. Later a few of them will find employment in the lumber camps, and most of them will have to be assisted all winter, and it is expected that the state will have to come to their rescue."

In many Wisconsin towns no relief whatever has been subscribed, but some of them have done nobly. Mr. Wynman says, however, that the future is a matter most serious to contemplate. It is impossible to tell how these suffering families will get through the winter.

WHETSTONE'S DEATH INSTANTANEOUS

FORMER LOCAL RESIDENT KILLED IN BELOIT.

By Taking Hold of a Live Wire Life Passed From His Body In a Moment's Time—Was Son-In-Law to G. A. Shurtleff—Resided in Janesville For Some Time.

Fred N. Whetstone, a former local resident, met instantaneous death at Beloit last evening, by coming in contact with a live electric wire. In less than a minute life was extinct, and he met a painless death.

Decayed was a son-in-law of G. A. Shurtleff, of this city, and the news was conveyed here last evening in a telephone message. Mr. Shurtleff at once left for Beloit, and there remained all night, returning this morning. From what could be learned the accident happened as follows:

For some time past the Beloit electric light plant has been out of working order in different parts of the city, and last evening was no exception to the rule. Trouble along the circuit leading to the Fairbanks, Morse & Company plant was experienced last evening, and in order to locate the trouble Mr. Whetstone and Manager Cole went to the power house and opened and shut the current. Then they jumped into a buggy at 7:15 o'clock and drove to a street corner near the Fairbanks plant, where they lowered one of the arc lights for the purpose of examining it. When the light was lowered Manager Cole's horse took fright and went ahead. Mr. Whetstone then got out, and no sooner had he placed his hands on the wire than he fell to the ground a corpse. He uttered one short yell, which attracted Manager Cole, who turned just in time to see him fall. He at once went to where the body lay and found life extinct.

Whether or not Mr. Whetstone thought that the current was shut off at the power house, or whether he made a mistake in judging his wires is at present not known.

The only mark on his body is a small discoloring of his right wrist.

Mrs. Whetstone was awaiting supper for her husband when the terrible message was delivered to her. She was completely prostrated. A physician was summoned and she went from one fainting spell to another.

Mr. Whetstone was born and brought

SOUTH FRANKLIN STREET PAVEMENT

COMMON COUNCIL AWARDS THE CONTRACT.

J. H. Watson the Successful Bidder At Thirty-Four Cents Per Lineal Yard—Same Street to Be Further Improved—A Few Minor Matters Receive Attention.

Alderman S. C. Burnham presided at the special meeting of the common council last evening. Alderman Fifield was the only absentee.

The appointment of Fred Little as special policeman without pay was confirmed.

There were three bids for macadamizing South Franklin street, from the south side of Milwaukee street to the south side of Dodge street. The bids were as follows:

J. H. Watson—Macadamizing 34 cents per lineal yard; setting stone curbing, 8 cents per foot; furnishing and setting wood curbing, 12 cents per lineal foot.

James Cape & Sons—Macadamizing, 32½ cents per square yard; setting stone curbing, 8 cents per lineal foot; furnishing and setting wood curbing, 12 cents per lineal foot.

P. W. Ryan—Macadamizing, 45 cents per square yard; stone curbing, 11 cents per lineal foot; furnishing and setting wood curbing, 10 cents per lineal foot. The contract was awarded to J. H. Watson.

On motion of Alderman McLean the city engineer was requested to prepare and file a grade for South Franklin street to the south side of Dodge street.

The city engineer presented the grade, and it was received, adopted and placed on file.

A brick crosswalk was ordered to be laid across East street on the north side of Milton avenue.

The polling booth in the first precinct of the first ward was ordered repaired, and the council adjourned.

AN EXCELLENT PERFORMANCE

The Ironmaster Was Finely Rendered By the Salisbury Stock Company

No Janesville audience of recent date has been better pleased than was that at the Opera House last evening when the Salisbury Stock company from Milwaukee presented Onnet's great play, "The Ironmaster." The cast was an exceptionally strong and evenly balanced one. All the actors did well and the strong points of the drama—and they were many—were brought out in forceful yet harmonious clearness. Mr. Paulding was especially fine as the hero of the drama. John W. Burton makes an excellent comedian and kept the audience in good spirits all the time he occupied the stage. Miss Mary Louise Aigen and Miss Eleanor Robeson were charming in their respective roles. The entire cast, indeed, was fully up to the promises of the management, a rare thing in these days when pretension is more conspicuous than performance in dramatic representations. The company may be assured of a cordial reception if it shall make Janesville at any future day.

TWO FUNERALS HELD TODAY

Ferdinand Quinn Laid to Rest in Mount Olivet Cemetery

From St. Patrick's church at 9:30 o'clock this morning services were held over the remains of the late Ferdinand Quinn, conducted by Rev. E. M. McGinnity. The church was filled with loving friends, many being early settlers of the city who had known and esteemed the deceased during many years of residence here. The services were impressive and the floral offerings were beautiful. The interment was in Mount Olivet cemetery.

All that was mortal of the late Charles M. Greene was tenderly laid to rest this afternoon in Oak Hill cemetery. Services conducted by Rev. F. W. Maryon, of Trinity church, were held at 8 o'clock from the Prospect avenue residence of Mayor and Mrs. John Thoroughgood, and were attended by many friends who had known the deceased through life.

CHARITY WILL BE NEEDED

Early Cold Weather Will Increase the Necessities of the Poor.

There will be considerable work the coming winter for the Associated Charities. Cold and stormy weather has set in earlier than usual, and the scanty stores of the poor will be soon exhausted. Owing to some cases of extreme destitution the association has been obliged to incur debts in order to afford relief. It would, therefore, be necessary to procure funds to meet the immediate demands. As the constitution of the association does not allow the raising of funds by entertainments, they are solely dependent on a generous public for money to carry on the work of providing for the poor of the city.

Clothing that can be made over for children, even if it is very much worn, will be very acceptable and partly worn shoes always do good service, and are in great demand. Garments that may seem of no value to you will be of great benefit to those who find it almost impossible to purchase any kind of clothing for their children. The bundle will be sent for. The needs of the association were never more pressing and it is hoped that the friends of the poor will give this call their immediate attention. The unexpected cold weather will find many unprepared and naturally much suffering will be the consequence.

BELOIT PASTOR GETS A CALL

Rev. W. A. Spinney Invited to Assume a Pastorate in Milwaukee.

The South Baptist church of Milwaukee last night extended a call to Rev. W. A. Spinney, of Beloit, to succeed the Rev. W. A. McKillop, resigned, and the members of the church are confident Mr. Spinney will accept. The meeting of the South Baptist church was exceptionally well attended and the hearty unanimity with which Dr. Spinney was selected is expected to have a strong influence upon him in framing his reply to the call. Mr. Spinney has been in Beloit about three years and has done excellent work with his flock. During his pastorate several additions were made to the church building and the congregation was cleared off every particle of its debt. Before coming to Beloit Mr. Spinney was pastor at Watonaga, Minn., where his work was also spoken of in the highest terms.

FETHERS SPEAKS AT MARINETTE

JANESVILLE MAN ADDRESSES A LARGE AUDIENCE.

He Scores the Democratic Party For Its Attitude Upon Questions of the Hour—A Vigorous Defense of Gov. Scofield Against the Attacks of His Enemies.

Marinette, Oct. 27.—Ogden H. Fethers, of Janesville, delivered an eloquent address last evening to an enthusiastic audience in the Turner opera house. He made prominent the fact that the present election was not only one of state issues but of national questions also. The election of congressmen and legislators, to sustain the president was, he stated, the paramount issue in the campaign, and continued: "The democrats are seeking to conceal their stand for a dishonest dollar by hurrying on trivial state issues and abusing the governor."

He said that all the forces of anarchy and dishonest money which were disorganized in 1896, were again confronting the nation referred in denunciatory terms to the abuse and slander of the governor. He said that the entire democratic party was pouring out all its vials of wrath on Edward Scofield in order to hide the platform of 1896 which they again bring before the people. While they were abusing him, he continued, the governor had thrown aside the cares of campaign and had gone to New York to meet the soldiers of the Third regiment and care for them. He spoke of the grand record of William McKinley and then referred to Mayor Rose's violent attack on the president, denouncing him roundly for slandering the executive. Mr. Fethers' effort was an eloquent one and his beautifully rounded periods of oratory made a thrilling impression. He was frequently interrupted by applause.

BAPTIST LADIES ENTERTAIN

New England Supper and Fair at the Church Parlors

The Ladies' Aid Society of the Baptist church had a New England supper and sale of fancy articles at the church parlors last evening. Boston baked beans, pumpkin pie and doughnuts formed the features of the supper and that they were appetizing goes without saying. The sale of fancy articles was not as brisk as could be desired, but a goodly sum was realized which will be devoted to church work in lines under the supervision of the ladies. The occasion was an agreeable one to all who participated and the number was not small.

SAGASTA SURE TO FALL.

Situation at Madrid Daily Grows More Critical.

Madrid, Oct. 27.—A ministerial crisis is inevitable. The political situation is more critical than at any time since Senor Sagasta formed his ministry. He can hardly resist the pressure that daily grows stronger, and it is feared that the dynasty may be involved in the ministry's inevitable fall. Especially is such a result to be apprehended when it is considered that militarism hourly grows more menacing. When the army takes a hand in administration it is not likely to stop with overturning a ministry. Sagasta is advising Senor Emilio Castelar to accept the commission to form a cabinet after the present ministers shall have handed in their resignations.

Places Liabilities at \$325,000.

Pittsburg, Pa., Oct. 27.—Edward Groetzinger today entered a plea in bankruptcy, placing his liabilities at \$325,000 and assets at \$187,752. It is said the carpet firm composed of Edward Groetzinger and his son, Edward Groetzinger, Jr., will not be affected. The petitioner's interest in the firm amounts to about \$65,000, which his creditors will receive the benefit of when the firm's affairs pass through liquidation. Mr. Groetzinger's failure was caused by his heavy indorsement of paper for his brother, A. Groetzinger, who failed last week.

Tin-Plate Plants Growing.

Anderson, Ind., Oct. 27.—The American Tin Plate company, whose plant in this county as it now stands is the largest of the kind in the United States, has let contracts for doubling the size of its plant, making it a forty-million plant, and by far the largest tin-plate plant in the world. Besides this a big rolling mill will be erected in connection with the plant, and even the steel billets will be made here. When the additions are completed the working force will be over 4,000 men.

Says Indians Were Wronged.

Washington, Oct. 27.—Commissioner of Indian Affairs William A. Jones, who has been for a week in Minnesota making negotiations, which were successful, with the Chippewa Indians for the resumption of peaceful relations with the government, has returned to Washington and made a verbal report to Secretary Bliss upon his work. Commissioner Jones says the trouble is attributable to the methods of the whites in the vicinity, who are taking gross advantage of the Indians.

DOES TRAVEL IN COMPANY.

Gen. Baratier Arrives at a French Port.

LORD KITCHENER WITH HIM.

Enthusiastic Plaudits Greet the Gallie Adventurer on His Arrival Home—No Signs of Enmity Between the Two Distinguished Men.

Marseilles, Oct. 27.—Gen. Lord Kitchener of Khartoum and Capt. Baratier, the bearer of Major Marchand's fashoda, report, arrived from Alexandria, Egypt, Wednesday on board the Messageries steamer from that port.

During the voyage the two officers dined together cordially and conversed on the customs of the tribes and peoples each had met.

The British consul here met Gen. Kitchener on landing, and Capt. Baratier received an affectionate greeting from his mother and brother.

Gen. Kitchener and Capt. Baratier left for Paris on the same train.

A crowd which assembled on the platform cheered Capt. Baratier, and a delegation from the naval and commercial schools presented him with a bejeweled insignia of the Legion of Honor, to which his appointment has just been announced.

A deputation from the Geographical Society of Marseilles, after congratulating Capt. Baratier, proceeded to Gen. Kitchener's saloon car.

There the spokesman of the French party expressed admiration of the general's remarkable campaign and work in behalf of civilization, and thanked him for the courtesy he had extended to Major Marchand and his colleagues.

The general thanked his visitors warmly and eulogized Major Marchand, whose expedition, he said, had excited the admiration of the whole world.

The train then departed amid shouts of "Vive Baratier!" "Vive Marchand!"

Why Gen. Chanoino Resigned.

Paris, Oct. 27.—The Petit Journal publishes an interview with the former minister of war, Gen. Chanoino, who explained that he resigned on account of the difference of opinion with the premier, M. Brisson, about the Picquart affair. He added that he had not demanded the prosecution of the papers which had been attacking the army, because he considered that the penalties provided by the laws were insufficient.

The moderate papers say that yesterday realized their hopes, and the radical and revisionist organs express belief in the existence of a military plot. They urge a union of all Republicans as the only means of giving stability to the future ministry.

Chicago Bid the Lowest.

Portland, Ore., Oct. 27.—Bids for extending the north and south jetties at Yaquina bay were opened by Mayor W. L. Fisk at the United States Engineers' office in this city. Christie, Lowe & Heywood of Chicago were the lowest bidders, their bid being \$511,945. There were eight other bids, ranging from \$608,796 to \$847,638. Bids will be forwarded to the war department, which will select the lowest responsible bid.

Americana Arrested in Peru.

Lima, Peru, Oct. 27.—Two American protestant tract distributors have been arrested at Arequipa, capital of the Peruvian province of the same name, charged with distributing papers contrary to the state religion. The state attorney will apply for their release.

Flames Drive Students Out.

Wichita, Kas., Oct. 27.—A special to the Beacon from Ryan, I. T., says the Ryan college, with all its contents, burned today. More than 200 pupils, in the building at the time, escaped. The Ryan college was one of the best in the Indian territory.

Spanish Tars Liberated.

Manila, Oct. 27.—The American authorities have released some of the Spanish sailors captured during the war.

The authorities at Ilo-Ilo have cabled to Madrid, expressing their loyalty to the Spanish crown.

Sixty Japanese Drowned.

Kobe, Japan, Oct. 27.—The Japanese steamer Mijagala was sunk almost immediately after having been in collision with the Japanese steamer Kishu-Maru. Sixty Japanese were drowned.

TO POLICE CUBA.

Gen. Butler Is in Favor of a Modified Plan.

Havana, Oct. 27.—Gen. Butler has written to Secretary Alger, indorsing a modified form of the military plan of policing the island, recently advanced by Col. Waring. Gen. Butler would give employment to 10,000 or 15,000 insurgents. He would follow in a general way the system originated in Mexico by President Diaz. Gen. Butler, in giving the plan, warns Secretary Alger that unless some show of strength is speedily made the United States will surely have to fight the insurgents, who will become bandits.

Hugh Thomason, an American, who was a lieutenant in the Cuban army under Jose Miguel Gomez, has arrived from Tunes. He is one of three survivors of the Johnston expedition, which landed at the San Juan river July 1. He says Gomez is weeding out of his army all American sympathizers and those favoring annexation, retaining only violent advocates of independence. Thomason says he was dismissed for this cause.

American artisans are building a dock at Mariel for landing American troops and stores. The matter of the right to bring in free of duty tools and materials for building docks and warehouses is being discussed.

ARMY OF THE TENNESSEE.

Large Attendance at the Annual Meeting at Toledo.

Toledo, O., Oct. 27.—For the third time since its organization at Raleigh, N. C., April 14, 1865, the Society of the Army of the Tennessee is holding its annual meeting in Toledo. The gathering was called to order at 10 o'clock Wednesday in Memorial Hall, the auditorium of which was elaborately decorated in honor of the occasion. There was an unusually large attendance, more than 100 officers of high rank being registered. The morning session was devoted to reports and routine business. A letter from Col. Fred D. Grant expressing regret because of his inability to attend the reunion was read before the convention. Gen. Grenville M. Dodge presided over the gathering and responded to the address of hearty welcome delivered by Col. J. B. Bell of this city. Gen. John C. Black of Illinois, commander of the department of Illinois, G. A. R., was selected to deliver the oration at the annual banquet tomorrow night.

Ladies clean your kid gloves with Miller's Gleeve. It is not a liquid, leaves no odor and can be used while the glove is on the hand. For sale only by H. E. Ramous & Co., druggists, opposite post office.

Ripley Calls It an Outrage.

San Francisco, Cal., Oct. 27.—President Ripley of the Santa Fe system said in reference to the Supreme Court decision against the Joint Traffic Association: "As a lawyer I do not care to express an opinion as to the law laid down by the Supreme Court of the United States. But as a matter of equity I consider the decision an outrage. The treatment of railroads by the government is outrageous. A railroad is either a private corporation or a public corporation. If the former, it should be left alone; if the latter, then it should be protected, and this the government does not do."

The Solace Sails for Cuba.

Norfolk, Va., Oct. 27.—The hospital ship Solace sailed today for Cuban waters. The Solace has on board in addition to a large quantity of stores for warships in southern waters fifty-four sailors from the receiving ship Franklin, who are to take the places of fifty-four on the cruiser Cincinnati at Guantanamo, that number volunteering their services on the Maria Teresa.

Shoshones Are Not Warlike.

Washington, Oct. 27.—The alleged threatened outbreak of western Shoshone Indians in Nevada has not been reported to the Indian bureau, and in the absence of any word of any kind officially on the subject Commissioner Jones is inclined to believe serious trouble is not to be apprehended. There are 645 of the Shoshones, all told, leaving a very small number of braves.

Resumes Her Old Place.

New York, Oct. 27.—The American liner Paris, known during the Spanish war as the auxiliary cruiser Yale, resumed her place as a merchantman when she sailed to-day for Southampton. Since the expiration of the government charter the Paris has been thoroughly overhauled and painted both inside and outside.

Will Urge New Legislation.

St. Louis, Mo., Oct. 27.—Gov. John R. Tanner in his next biennial message will urge legislation preventing the building of stockades around coal mines. He thinks the legislature should make laws, stringent in their nature, on the question of the importation of labor from states outside of Illinois.

Suspended Action

Of the Heart, Palpitation or Fluttering, Irregular Pulse, Oppressed Feeling in Chest, Bad Dreams, Shortness of Breath, Cured by Dr. Miles' New Heart Cure, The Great Heart and Blood Tonic.

When the heart action is slow and the circulation retarded, the blood flows through the body in a weak, pale stream causing weakness and disease alike of body and brain. The digestion becomes impaired, the blood impure, the lungs weakened, the nerves exhausted, and the brain, from lack of nourishment, is unable to act with its natural vigor, causing indifference, timidity, exhaustion, melancholy. The whole life is made miserable. Dr. Miles' New Heart Cure changes all these things. It accelerates the circulation by strengthening the heart action. It stimulates the digestive organism and makes pure, red and life-giving blood with which to build up the dead tissues. It brings purest health to both body and mind.

Mr. L. N. Beddow, Danville, Ky., is sixty nine years old and writes: "About nine years ago I first found that I had heart trouble. My stomach was distressed, and I was very short of breath, especially when I tried to walk. Then came palpitation or fluttering of the heart, irregular pulse, oppressed feeling in the chest, bad dreams and smothering spells. I was unable to sleep on my left side, and frequently had to sit up part

of the night to get my breath. I had severe pain in left side and back. I grew so bad that doctors said I could not live long, and it was then that I began taking Dr. Miles' New Heart Cure. The first bottle gave me great relief. It stopped the palpitation and removed the pain from my side and breast. I continued using the New Heart Cure for over a year and gradually grew stronger until my heart trouble was all gone. My appetite is good and I enjoy good rest at night. I know Dr. Miles' New Heart Cure saved my life, and I never lose an opportunity to speak in its praise."

A lady prominent in missionary and educational work writes as follows: "I have been a sufferer from irregular and feeble heart action for years. About two years ago a lady friend recommended that I try Dr. Miles' New Heart Cure. I did so and found that when taken as directed it never failed to relieve me. I rarely ever feel any uneasy or unnatural sensations in my heart now, and it gives great pleasure to commend that valuable remedy to other ladies who suffer as I did."

Mrs. D. SELLINS.

Century Female College, Cleveland, Tenn.

"My heart was so bad that I could not get my breath and had to lie on my face to keep from smothering. I could not eat and I run down in weight from 160 to 130 pounds. When I had grown so weak that I could not leave my bed my doctors gave me up to die. A friend, hearing of my condition, sent me a bottle of Dr. Miles' New Heart Cure, and it helped me so much that I bought more of it. My health began to improve in every way, and in a few weeks I was up and about, as well and strong as ever. I know Dr. Miles' Heart Cure saved my life."

WHY USE

POND'S EXTRACT OINTMENT IS UNEQUALLED FOR PILES.

Pond's Extract

Why not something else? Because

Dr. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used."

Dr. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best."

Dr. J. C. MITCHELL says: "Pond's Extract of Hamamelis Virginia is the only reliable article I have found."

Dr. H. K. WEILER says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar."

Dr. H. F. MERRILL says: "It is far superior to any I have used in strength and purity."

Dr. R. J. HARRISON says: "I have never found any extract equal to Pond's."

Dr. POWELL says: "Hereafter I shall use no other than Pond's Extract."

And numerous others of similar purport.

THE DINGLEY TARIFF LAW

Milwaukee Sentinel.—In referring to the Dingley tariff law Senator Spooner said, in his speech last Thursday night, that while it was not perfect, it was a good law and was earning for the United States vastly better than its predecessor did. He evidently was gratified with the results obtained under the Dingley law, though he realized that no tariff law could ever be framed that would suit everybody.

Having been in operation something over a year the Dingley law has now reached a point where it is fair to pass judgment on its workings. Judging from the effects it has produced it is certainly entitled to be called a good law. As it was attacked by democrats during the first few months after its passage, because it did not produce sufficient revenue to pay the current expenses of the government, it is especially interesting to note that it has fully redeemed itself in this particular. This was predicted by its friends who pointed out that it would produce an ample revenue as soon as it reached the period when normal conditions, that had been disturbed by heavy advance importations, were restored. The receipts of the government from all sources, excepting the proceeds from the sale of the Pacific railroads and the income from the war revenue bill, show how the tariff law has become more effective from month to month, as will be seen from the following table:

August, 1897,	\$19,028,615
September, 1897,	21,933,098
Oct. 1, 1897,	24,801,415
November, 1897,	25,368,987
December, 1897,	27,491,494
January, 1898,	28,795,227
February, 1898,	28,572,338
March, 1898,	29,307,251
April, 1898,	30,361,443
May, 1898,	30,574,818
June, 1898,	31,500,000
July, 1898,	31,500,000
August, 1898,	31,715,000

This tabular statement of the government's receipts for thirteen months demonstrates the falsity of the democratic charge that the Dingley law could not produce an adequate revenue for the government's needs. The income for August of this year is over \$12,000,000 greater than it was in August, 1897, the first month of the new tariff's trial. The revenue under the law is now normal and fully sufficient to meet the government's expenses, as they were estimated at the time the bill was passed. The new conditions that may be created by the war may demand an enlarged national expenditure, which will make it necessary to impose additional taxes, but the Dingley law has proved itself equal to all requirements that were expected to be made on it at the time it was framed.

But it is not merely as a revenue producer that the law is satisfactory. It has served to develop home industries, as is shown by our increased exports,

and decreased imports. Our exports of manufactures in the last fiscal year have been nearly \$300,000,000 about \$11,000,000 greater than the previous year, while we have imported nearly \$150,000,000 less, a large part of which decrease is of course to be attributed to the enactment of the Dingley law. We are, however, selling vastly more and buying less since we returned to a republican tariff law and the prosperity of the country is the best evidence of the beneficence of the law.

Canadian leather goods manufacturers complain that the present tariff law cuts down their business in America. Of course it does. That is what it was framed for. If American people buy American leather goods rather than Canadian leather goods, just that much more money is kept in circulation at home. American leather workers are kept busy and spend their wages for the product of all other manufacturers as well as buying the goods raised by the farmer.

The republican party has restored prosperity, and kept every promise made two years ago. In addition, the administration has carried a war to a brilliant conclusion. Just bear these facts in mind when you go to vote.

MIGHT HAVE BEEN SCOTCH.

A. McBean Admits Shakespeare Displayed Sufficient Genius for This. William Douty and Andrew McBean are two well-known north side retired merchants. They met fifty years ago in London, where Douty was born and whither McBean repaired from Glasgow to seek his fortune. They have been friends, cronies, in fact, for half a century, meeting almost every day and never separating without a quarrel, the comparative merits of Englishmen and Scotchmen being the rock upon which they split. Both are educated men, with a passion for reading, and most of their quarrels originate over a discussion of their favorite authors. If William sounds the praises of an Englishman, Andrew will either deny that his works possess merit or produce authorities to prove that he is, or was, in reality a Scotchman, domiciled in England. Of late Andrew has been very attentively reading Shakespeare, arguing that he is the greatest of all authors. The other day, in the midst of a heated discussion, a happy thought struck Mr. Douty and he said in tones of triumph: "There's William Shakespeare, Andrew; you won't deny that he's a great author, and I don't think you've got the gall to claim that he came from Scotland." For a moment, and for a moment only, Mr. McBean was disconcerted; then he replied: "Oh, well, now, William, I must admit that Shakespeare manifested genius enough to warrant the belief that he was of Scotch descent."

NEW PRESIDENT SCIENCE ASSOCIATION.

Dr. Edward Orton of Columbus, O., the new president of the American Association for the Advancement of Science, is the state geologist of Ohio and one of the most widely recognized experts in geology in the country. He is a native of New York state, where his father was a Presbyterian clergyman. He took his classical course in Hamilton college and afterward studied in Lane Seminary under the famous Dr. Lyman Beecher. Feeling called to the profession of science, Dr. Orton entered the Lawrence School at Harvard. When he left that institution he gave himself up to education and served many colleges in the chair of the professor and the president. He was made

DR. E. ORTON.

president of the State Agricultural college in 1872 and at the same time was professor of geology in that school. In 1881 he gave up the presidency but retained his chair. One year later Dr. Orton was made state geologist, a post he has filled with distinction ever since. In recognition of his splendid services to Ohio and education one of the great buildings of the state university was given the name of Orton Hall in his honor. The geologists have been very forward in the work of the American association and Dr. Orton's reputation ranks with most of the eminent geologists who have been concerned with the association since its foundation. His researches are known all over the world.

SOCIAL FUNCTIONS PAST AND PRESENT

DELIGHTFUL PARTY GIVEN BY MISS MACLOON.

At Odd Fellows' East Side Hall Last Evening She Entertained—Messdames Stevens and Johnson Hold an Afternoon Reception—Mrs. Bostwick Gave a Luncheon Today.

Between fifty and sixty couples enjoyed the hospitality of Miss Helen Augusta Macloon last evening, at what proved to be one of the most delightful dancing functions that has been given in Janesville in some time.

The party took place at East Side Odd Fellows' hall, and this new favorite dancing hall never looked prettier than last evening. In one corner of the room, decorated for the purpose, Miss Macloon received her guests, assisted by Miss Capelle and Messrs. C. D. Capelle and F. A. Capelle. The hostess looked charming in a heliotrope colored broadcloth, trimmed with white and gold. Miss Capelle wore pale green.

The hall was not decorated, nor did it need it, for newly papered and painted ceiling and walls were sufficient.

The orchestra stand was draped with a large American flag, and handsome palms added to its decorations.

The costumes worn by the ladies were charming, while the men looked their best in conventional black.

In the banquet room below light refreshments were served at small tables by Caterer George Shurtliff, and the guests were comfortably accommodated there. Twenty couples at a time. Smiths orchestra served its usual faultless inspiration, and at midnight the festivities came to a close on what will prove to be a long to be remembered event.

Five O'clock Reception.

Mrs. E. C. Johnson and Mrs. C. D. Stevens were the hostesses at a five o'clock tea given this afternoon at the Milwaukee avenue home of Mrs. Stevens, in honor of Mrs. S. S. Judd, of Buffalo. The house was beautified by a profusion of roses, pinks and smilax, and in the handsomely decorated parlors the guests were received by the hostesses and Mrs. Judd. Elaborate refreshments were served at small tables, the same being faultlessly presided over by Messdames H. S. Johnson, F. H. Baack, W. F. Palmer, Charles Tarrant, J. D. Holmes, C. P. McLean, H. D. Murdock, and Mary Merrill.

About fifty ladies were present and the afternoon was indeed an agreeable one.

One O'clock Lunch

At the East Milwaukee street home of Mrs. J. L. Bostwick today at 1 o'clock luncheon was served to a few invited guests. The rooms were tastefully decorated and the refreshments were faultlessly served.

Lodge Anniversary

This evening Olive Branch Lodge No. 36, Ancient Order United Workmen will celebrate their thirtieth anniversary at East Side Odd Fellows' hall. There will be a musical and literary program to be followed by a dance. This entertainment is for members and their families and invited friends only. Those who have received invitations must present them at the door.

Nelthorpe-Kirk

At the home of the brides' mother, Mrs. Mary E. Kirk, 364 Glen street, Miss Mattie Kirk and Edgar E. Nelthorpe were united in marriage last evening, Rev. Edward H. Pence, of the Presbyterian church, officiating. A limited number of a host of friends and relatives of the contracting parties were present. The groom is the foreman of the Parker Pen Company's works and the bride is well known and highly esteemed in this city, where she has resided for several years. The young couple will forego a wedding trip and go to housekeeping at once in a cozy home prepared for their reception on Caroline street. They carry with them in their new relations of life the best wishes of a host of friends.

Mead-Mahany

At the residence of Mr. and Mrs. William G. Mahany, 205 South Bluff street, yesterday afternoon, at 5 o'clock, Miss Jennie May Mahany was united in the holy bonds of matrimony to Frank Newcomb Mead, of Chicago, Rev. Walter A. Hall, of the Court Street Methodist church, officiating. The bride has long been very popular among the young people of Janesville, and the groom was formerly a resident here. Both have many friends who esteem her highly and will extend to them their best wishes. The young couple left last evening for Chicago, where they will reside at 453 West Van Buren street. Mr. Mead is a short hand reporter whose services are highly valued.

Haight-Pentacost

Miss Mabel Pentacost, of Beloit, and William Haight, of this city, were quietly married at 11 o'clock last evening at the Congregational church parsonage, Rev. Robert C. Denison, officiating. Mr. and Mrs. Haight are stopping at the Highland house. Their friends will extend hearty congratulations.

He sold out nearly all the overcoats yesterday, and expects to receive a consignment of overcoats today, from a wholesale clothing house in Milwaukee, which will arrive tonight for tomorrow's trade. Help him out on selling his suits, pants, &c. Call for bargains in overcoats, suits, pants and fur nishing goods tomorrow.

MANY DELEGATES TO VISIT WAUKESHA

THIRTY-FIVE MEMBERS WILL
ATTEND FROM HERE.

Senator Whitehead Among Those Who Will Deliver Addresses—Local Band Will Furnish the Necessary Inspiration—Meeting Is One Of Importance.

At the state Y. M. C. A. convention now being held at Waukesha, Janesville will be represented by one of the largest number of delegates in the state, second only to Milwaukee. Secretary Kilne expects that at least thirty-four will go from here before the end of the week, and the first of the local delegates will leave tomorrow. Those who will go from here are as follows:

H. J. Cunningham, Charles Fitch, Cecil Duke, Lynn Fox, Morris Erickson, H. B. North, H. F. Nott, Will Brunson, A. G. Kelsey, F. E. Lewis, Ray Root, J. S. Taylor, H. M. Whitehead, H. A. Palmer, H. P. Brunson, Oscar Bucklin, L. A. Williams, Arthur Bailey, George Williams, J. C. Kling, Arthur Cary, A. Crawford, E. E. Van Pool, O. Clark, Jonathan Ellis, Arthur Grainger, James Schrick, Harley Green, J. E. Rudolph, John Harrington, G. E. Coleman, W. J. Rothmeyer.

The majority of these delegates are members of the band who will furnish music during the meeting.

Speeches will be delivered by many of those from here. The meeting opened to day and will continue through Sunday. There has been some preliminary planning for a building for Madison. At present the association is without any rooms and is carrying on only its Sunday meetings.

FUNERAL OF CHAS. M. GREENE

Large Attendance of Friends of the Deceased Pay Tributes of Respect.

Many friends of the stricken family gathered at the home of Mayor John Thoroughgood this afternoon to attend the funeral of Charles M. Greene. The employees of the Thoroughgood factory were present in a body and beside the coffin were flowers that told of their regard for the one who had passed away.

Services were conducted by Rev. F. L. Maryon, of Trinity church, and there was singing by Mrs. Curtis, Miss Knell, G. G. Paris and William Garbutt. The pall bearers were George F. Kimball, Henry Gagan, John Fulton, Edgar Taylor, Frank Dixon and James Stacks.

SCIENTIFIC CONSCIENCE.

A Little Incident Told by a Geologist Pointing a Moral.

Happening to know two men who were deeply interested in geology and who did not know each other, a Detroit man brought the two scientists together recently at the house of one of them and then left them to enjoy the occasion. A day or two later he met the host in the case and heard this strange story from him:

"Well, Mr. Cooper, that was a fine man you brought out to see me the other night—a fine man. Why, he's as crazy about geology as I am, if not a trifle crazier. We sat up together until after midnight looking over my specimens and talking about them, and I'm going down to see his cases. He tells me he has almost bankrupted himself indulging his taste for rare and beautiful fossils. A funny thing happened the other night too. He's a great one—that man! On my library table I had one remarkably beautiful fossil—too choice to be hidden away in a case and yet too valuable to be left lying around. I needn't tell you what it was, for you don't know one from another. Your friend does, however, and he returned again and again to admire this particular specimen. Of course I enjoyed his enthusiastic appreciation of it, and when he was about to go I said: 'Mr. Badger, you admired this fossil so much I'm going to give myself the pleasure of parting with it to you. Please add it to your collection.' So saying, I extended my hand for the fossil, and, behold, it wasn't there. On the table and under the table I looked, behind the lamp, and under papers. No fossil. A mysterious disappearance. I felt nonplused and looked at my guest. He looked sheepish, fumbled in the side of his sack coat and said: 'Well, I'm glad you are going to give me that fossil. I already have it in my pocket.' 'As I had often done the same trick myself, I couldn't utter a word of protest. 'Well, well,' I said, 'take it along and heartily welcome.' 'I've annexed fossils myself. Art has no conscience.'—Detroit Free Press.

Fortunate Indeed.

They were in the conservatory alone. 'Aren't you glad,' she said suddenly, looking up into his eyes, 'that it is no longer the fashion to powder the hair?' 'I am most devoutly thankful,' he replied as her head settled back in its accustomed place.

Truly, the dark and shadowy corners of our conservatories would lose half their value if it were still the fashion to use powder on the hair. We of modern times hardly realize all our blessings.—Chicago Post.

Appearances Deceitful.

'I struck a new one the other day,' said the man who is about to move. 'When I went to see a house of which a faithful Irishman was custodian. 'Too small, too small,' I said as soon as I saw the place. 'Go aisy, sor,' he replied, 'till I show yez t'rough. Yez'll find the house much larger on the inside than it is on the outside, sor.'—Detroit Free Press.

PRAIRIE DOG WELLS.

"The most interesting thing I have seen in many a day," said Mr. Harvey Geer, of Lamont, Col., recently, "was a prairie dog well. Did you ever see one? It isn't often that a chance occurs to explore the homes and haunts of these expeditious little inhabitants of the plains. A few miles from my town a large force of men had been at work this summer, making a deep cut for a short railroad up into the mines. A friend of mine is in charge of the job, and I went out a week ago to see him and the work that had been done.

The most remarkable thing was the prairie dog wells that had been dug into. The cut went through a dog village, and being a deep one—some forty feet—it went below the town. There has always been a discussion about where the prairie dog gets his drink. Some say he goes eternally dry. Usually their towns are miles away from any stream and an arid country where there is no surface water at any time, sufficient for the needs of an animal requiring drink. The overland travelers, back in the days of pioneering, used to find the dog towns out on the prairies scores of miles from the streams. There was no dew, the air was dry as a bone, the buffalo grass would be parched brown, and there would be absolutely nothing to quench their thirst.

I remember a discussion begun thirty years ago in the American Naturalist, by Dr. Sternberg, now surgeon-general, on the subject, and he argued in favor of the well theory. But near Lamont is ocular proof of the well theory. The nest holes of the dogs were five or six feet deep, but four or five holes went straight down as deep as the excavation had been made and evidently on into the water-carrying sand beneath. These holes appeared to be used by the whole colony commonly, and were a little larger than the holes used for their homes."—Washington Star.

READY COOKED FOOD.

Is a Great Convenience for House-keepers.

It is a known fact that many people fail to properly digest the starchy part of bread and other food. Grape-Nuts (a delightful breakfast food) are made of the grape-sugar which results from preparing the starchy parts of the cereals, in the same way artificially as the body should do by natural processes. Therefore Grape-Nuts furnish food all ready for immediate assimilation into blood and tissue. They are made by the Postum Co., at Battle Creek, Mich., and are ready prepared, require no cooking whatever, and will be found most valuable by athlete, brain worker or invalid.

BYNUM TO SPEAK THIS EVENING

WILL ADDRESS THE REPUBLICANS AT OPERA HOUSE.

Has a Wide Reputation As An Orator—Led the Gold Democracy During the Last Campaign—Firm Advocate of An Honest Currency and Pure Government.

W. D. Bynum is a democrat who was honored by his party by an election to congress from one of the Indiana districts. While in congress he was regarded as one of the leaders of his party, and his eloquence always assured him of a hearing from his colleagues. When the democratic party became infatuated with the silver idol he protested against its folly, but finding his words of no avail he abandoned it and headed the independent or gold democratic bolt. He is now advocating the election of the republican ticket in Wisconsin, not because he is a republican, but because he fears the dishonest money tendency of the democracy of the state.

Mr. Bynum will address the republican meeting at the opera house this evening, and his words will be well worth listening to.

Hon. W. G. Wheeler, candidate for the assembly, will preside.

There should be a large attendance of republicans and such democrats as are not joined to the idol of free silver and currency debasement.

SPAIN NOW BEGS FOR MERCY.

Has Abandoned All Claims to Concessions.

ASKS EUROPEAN SYMPATHY.

Spain's Object Is to Enlist the Services of the Holders of Spanish Bonds in an Effort to Secure Intervention by the Powers.

Paris, Oct. 27.—Spain has at last abandoned her attitude of claiming any concessions in Cuba and Porto Rico as a matter of right and has now simply thrown herself on the mercy of her conquerors. The Spanish representatives did this at Wednesday's session of the joint peace commission, acting under instructions from Madrid. Spain is doubtless preparing to make a final appeal to the sympathy of Europe, for which the ground has been skillfully laid by the long arguments of the Spanish commissioners over the question of the Cuban debt. Although the sessions of the joint commission are supposed to be entirely secret, yet these Spanish arguments have been extensively reproduced in sympathetic Paris and other European papers, in order to arouse holders of Spanish bonds to bring pressure on their governments.

In making their plea for mercy the Spanish commissioners alleged that only by some relief from the Cuban debt could the complete ruin of Spain be averted, and submitted facts and figures in proof of their declaration. The conference adjourned for twenty-four hours for the purpose of allowing the American commissioners to consider the question and to permit communication with Washington.

Spain still hopes to keep the Philippines. When the American commissioners refuse, as they undoubtedly will, to assume one single peseta of the so-called Cuban debt, incurred solely for the purpose of keeping Cuba in subjection to Spain, then the Spaniards, after sufficient complaining and protesting to carry the negotiations over into next month, will make their final effort to obtain European intervention. They will, if the signs of pity for their distress seem strong, throw up their hands and declare that the United States, not content with depriving Spain of Cuba, Porto Rico, and the Ladrone, not satisfied with crushing Spain under the burden of the enormous Cuban debt, is resolved to ruin Spain completely by taking her last colonial possessions.

The Spaniards will then appeal to the world against the overwhelming greed of the United States, as they call the American demands, and ask for the intervention of Europe to prevent the utter destruction of a European nation by the giant of the western hemisphere. This future course of Spain is the prediction of an experienced diplomat of Europe, and a close observer of the proceedings of the Spanish leaders and peace commissioners.

The first real crisis in the peace negotiations has now been reached. If Spain finds that the powers of continental Europe, pressed by the holders of Spanish bonds, are disposed to be sympathetic, and sees signs of discord and of pity for Spain's distress in America, then the plan to try to hold the Philippines, already described, will be carried into effect.

Three Killed in a Wreck.
Omaha, Neb., Oct. 27.—A rear-end collision on the Union Pacific Wednesday resulted in the death of three men and the serious injury of one other. The dead are:

SAMUEL HINDMAN, engineer.
WILLIAM RANAN, fireman.
B. CHANNON, brakeman.
JOHN GRIFFING, fireman, was seriously injured.

An extra freight train standing on the sidetrack and the switch being left open, freight No. 27, going at a good rate of speed, crashed into the rear end of the extra. The engine was badly wrecked and four freight cars reduced almost to splinters.

Wrecked Off Michigan City.

Michigan City, Ind., Oct. 27.—The large steamship Horace A. Tuttle, bound from Chicago to Buffalo with 77,000 bushels of corn, shipped by Armour & Co., lies in eighteen feet of water at the mouth of the harbor at this port. Capt. J. C. Thompson and his crew of fourteen men were rescued by the life-saving crew, who did heroic work for three hours. The Tuttle had a tow, the Aberdeen, a schooner which was cut loose off Point St. Ignace, and Capt. Thompson says she was lost to view in a few minutes. It is feared that the schooner is lost.

Italian Peasants Shot.

Rome, Oct. 27.—Serious trouble has occurred in the province of Alessandria, where it has become necessary to destroy the vineyards, owing to the vines having become infected with phylloxera. The peasants revolted at the destruction of the vines and the troops were called out. The soldiers fired into a mob of peasants, killing five and wounding a number of others.

RIVAL SHORT OF FUNDS.

Consequently He Couldn't Hire a Carriage for His Hard-Won Lady.
"Talk about your odd lawsuits," laughed the lawyer, says the Detroit Free Press. "I have one right now that holds first mortgage on the bakery. It's from one of the outlying townships and the people there are just as much stirred up as if a Spanish army was advancing upon them. A young fellow took his girl to a harvest picnic. She was no sooner on the ground than she exercised the privilege of her sex and smiled upon a hated rival of her escort. The latter had too much the spirit of a man to countenance such treacherous ingratitude. He absolutely declined to swing her quench her thirst with pink lemonade, set up the gingerbread or hold her hand. When the festivities were over he crawled into his buggy, disconsolate and alone, leaving her and the hated rival to devise ways and means to get her home. They succeeded in securing up a farmer's rig, but neither could raise the \$1 tariff he imposed for its use. She settled the matter by having the price charged to 'pap.' But pap kicks like a mule in a hailstorm and says he'll be eternally hanged if he'll stand for the turnout. So he has hired a country lawyer and brought suit to recover the price from the original suitor, who, vows the farmer, was 'morally and legally bound fur to fetch the girl home after he took her.' I'm for the defense and haven't the slightest doubt that we will eventually get a decision from the Supreme court as to the nature and extent of picnic obligations."

President's Decision.

Cincinnati, O., Oct. 27.—President M. E. Ingalls of the "Big Four" railway said today, when asked about the effect of the decision of the United States supreme court upon the Joint Traffic association: "I have no doubt the association will have to dissolve. When the Sherman anti-trust law was declared to apply to railroads we knew that the present agreement between lines could not stand. This will be worse for the shippers than for the railroads. I look to see demands from every commercial body in the country for congress to pass a law legalizing agreements between railroads as to rates, etc."

STORIES OF THE STREETS.

Janesville People Are Talking About it on Every Corner.

It is sometimes an easy matter to fool the public, but you can't keep it up long. They are sure to find it out, and every time a man is fooled another skeptic is made. Skepticism is allowable when reading in a home newspaper about some incident occurring in San Francisco, Calif., or Maine, but the circumstances are entirely different when it refers to some one right here at home, friends and neighbors, people you know, whom you can see and with whom you can talk it over. This is the kind of evidence at the back of Doan's Kidney Pills—home statements by home people—and the astonishing local work they have been doing has caused more talk among our citizens than the doings of any other modern wonder. Read the following:

Mrs. N. J. Casey, of 109 Prairie Ave., says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Janesville Drug Co's. store. I had only taken them a few days when I felt better. Should there be any recurrence of my trouble I shall use Doan's Kidney Pills in preference to any other medicine. They can be depended upon to relieve suffering from backache or disordered kidneys."

Favorite Heaters.

The "FAVORITE" BASE BURNER has more heating capacity and is the most economical Stove ever made. Why? Because it has one-third more radiating surface than any other heater.

Hermetic Favorite.

A perfect air tight Coal and Wood Stove. The doors and registers on this Stove are milled and faced to perfect surfaces with milling machines, lathes and shapers made expressly for this purpose. All other joints are double and fitted in fire proof iron cement. No other stove was ever made this way or as tight.

Wonder Air Tights.

Are the greatest chunk, stump, and knot burning Stove ever made. It saves in fuel its cost each year.

Majestic Steel Ranges.

A steel and malleable iron Range that consumes less fuel, does better work, heats more water, and will last longer, than any other cooking apparatus in the world.

Goods must be sold in the quickest possible time. Cost has been entirely lost sight of. You make an offer and the goods are yours.

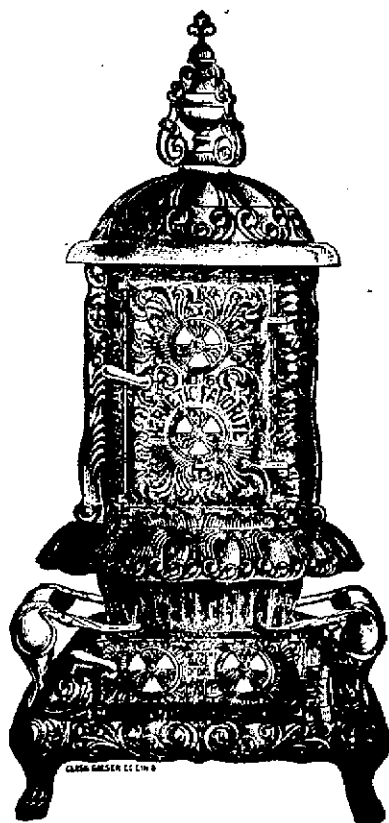

Greatest Bargain Offer Ever Heard Of.

We were rushed yesterday, all day. People came, saw, and bought, in a hurry. The bargains are genuine; the stock well assorted; style, etc., the best. The person who would slight a money saving event of this character is certainly not awake to economy. Sold so many Overcoats yesterday the lines were broken. I have telegraphed to one of the large wholesale clothing houses in Milwaukee for large lot of stylish garments, and will receive them tonight. The stock is still well assorted.

Suits, Pants, Overcoats, Hats, Caps. Shirts, Underwear, Hosiery, Neckwear, Collars, Cuffs, Gloves, Mittens, Sweaters, Suspenders, Cardigan Jackets, &c.

Everything must be turned into money in a hurry. I am conducting this sale personally.

Our Cigar Department

Is the most complete in the city.
Our box trade is steadily growing.

We can give you a very good domestic Cigar, 25 in a box—Prize Medal and Excelsior—at 50c; nothing like them in the city for the money. We have a cigar called the Mascot, 12 in a box, for 50c. En Ruta, a 5c straight cigar, the finest article that fine stock and good workmanship can produce for the money; this cigar cost \$40.00 per M at the factory.

The well known Cremo, 5c cigars, are the best 5c—6 for 25c cigars we ever put over our counter. You all know what the Fan Tan, Bill Baxter and Red Cross, 5c cigars are; it is needless to exalt their merits, we always have them in our case. A great many smokers are looking for a mild, fragrant, good 10c cigar, 3 for 25c or \$3.50 per box; we think we have found this cigar in the "Standard," made by Sprague, Warner & Co.; are already having a splendid box trade on it. A few particular smokers are looking for a pure Havana cigar that is not so heavy as to raise your hat at each smoking. We were lucky enough to secure some strictly all Havana cigars (and you know they are scarce these days) called the Diana Petit Invincibles. Don't get an idea because we call your attention to these cigars that they are cheap because they are not. They retail at 15c; 2 for 25c. The factory price on these goods is \$110.00 per M.
